INDOOR SAUNA

PURE SAUNA

When floor-space is available, the NorthStar 56 is a great upgrade from the 4' x 6' model. It's just the right amount of added space to spread out when sauning solo, or that extra elbow room when seated next to one or maybe even 2 sauna companions - without breaking the budget. It's truly Finnish in it's design, especially **the space it offers for gathering friends or family together.**

A. SaunaLogic2 CONTROL SYSTEM

Proprietary feature-rich control with optional mobile app to control the sauna from your mobile device from virtually anywhere.

B. AMBIENT LED LIGHTING

Peaceful in-backrest LED lighting softly illuminates the sauna, with the option to use 6 chromatherapy color light options.

C. 4.5 KW DESIGNER-SL2

The reliable, Finnish-made Powerhouse 4.5 kW Designer-SL2 heater is perfectly sized to heat your sauna and power your deep sweat, rest, relaxation, and healing.

D. BRONZE-TINTED DOOR & WINDOW

The bronze-tinted all-glass door creates contemplative sightlines in and out, creating a feeling of space within the sauna and elegant beauty from outside.

E. AUTHENTIC FINNISH EXPERIENCE

Nordic White Spruce, the traditional wood species of Finland saunas, welcomes you in and envelopes you in natural beauty and fragrance while you sauna.

F. OPTIONAL ADD-ONS

Add a soundbar to incorporate Bluetooth® audio into your sauna, powered by the SaunaLogic2 control or mobile app.
